PERSONAL PROFILE

I'm an enthusiastic professional with several years experience in frontend developing and UX. I am goal oriented. I create effective websites paying special attention to the appearance, content, functionality, usability and search engine optimization.
Here are just a few examples of my latest work:

www.m.tehnosila.ru

www.zhivagobank.ru

www.promobank.ru

EDUCATION

2014	GeekBrains, Moscow *Course of Swift Language Programming*
2013	Moscow coding school, Moscow *Advanced HTML and CSS course*
2002 – 2007	Obninsk State Technical University for Nuclear Power Engineering *B.A. (equivalent) in Applied Mathematics and Programming*

EMPLOYMENT

2008 to date   «Forth Rome.Design» Ltd., 4rome.ru, Obninsk

Frontend developer, content manager

For the first year, I worked as a content manager preparing texts and optimizing photos for publishing on websites. I also trained our clients to use the self-made CMS. I then moved on to prototyping websites in Axure and creating simple HTML and CSS layouts.

For the past few years I have worked as a frontend developer. My responsobilies include:

— Front end development of websites using HTML(5)/Jade, CSS(3)/Less/Stylus, Javascript/jQuery/Backbone
— Creating HTML/CSS markups for e-Newsletters
— Supporting websites based on Bitrix Platform and YII Framework
— Optimizing web sites for desktops, tablets and mobile devices (iOS and Android)
— Training junior staff in understanding WebStandarts and using best web developer practices
— Optimizing websites according to SEO principles

2013 – 2014   promobank.ru, Moscow

Frontend developer, freelance

I worked closely with backend programmer to find better ways for creating an effective website. I used HTML5, jQuery, jQuery UI and Sass.

2012 – 2013   estorico.com, Obninsk

Frontend developer, freelance

I worked as part of web developer's group. My responsibility was to ensure that our HTML and CSS/Sass code was clean and well-structured. I also developed javascript code using jQuery, BackboneJs, AngularJs (basic level). I worked closely with web designer, suggested the UX desicions for clean and functional interface.
